ABOUT

A concept is only useful once someone believes in it.

Aya Hassan is an architect and interior designer working in concept design, based in Cairo. She is a mid-senior design architect at Innovation Design Studio, on residential developments for SODIC, Orascom, Misr Italia and Travco. Before that she shaped the headquarters interiors of SABIC and STC in Riyadh at ZFP (Zuhair Fayez Partnership), and worked at Cosmos Studio on architecture, interiors and BIM — including public service buildings at NEOM. Her work covers the full concept stage: the idea, the 3D model, the visuals and animation that win approval, and the drawing packages and material selections that make it buildable.

2026 — now	**Mid-senior Design Architect** · Innovation Design Studio Concepts, 3D models and visuals for residential developments by SODIC, Orascom, Misr Italia and Travco.
2025	**Mid-senior Design Architect & Interior Designer** · Cosmos Studio Fifth Square, Chery, NOATUM, Linah Farms and Mazeej, through to Revit (BIM) packages.
