ABOUT

An idea only counts once it stands on real ground.

I design architecture and interiors that begin as an original idea and end as a built place. Concepts that surprise, details that work on site. Since 2019 I have worked freelance and across three studios, project by project: the SABIC and STC headquarters in Riyadh at ZFP, NEOM public buildings and corporate offices for Jotun, HB Fuller and BMW at Cosmos, and coastal and residential developments for SODIC, Orascom, Misr Italia and Travco at Innovation. I lead inside large teams and carry projects myself when needed, from idea to Revit drawing set.

2026 — now	**Mid-senior Design Architect** · Innovation Design Studio Concepts, 3D models and visuals for residential developments by SODIC, Orascom, Misr Italia and Travco.
2025	**Mid-senior Design Architect & Interior Designer** · Cosmos Studio · Rejoined Fifth Square, Chery, NOATUM, Linah Farms and Mazeej, through to Revit (BIM) packages.
2024	**Design Architect & Interior Designer** · ZFP · Zuhair Fayez Partnership Headquarters interiors for SABIC and STC in Riyadh, materials and FF&E sourcing.
2020 — 2023	**Design Architect & Interior Designer** · Cosmos Studio BIM for NEOM public service buildings; interiors for Sphinx, HB Fuller, Jotun and Tech Park.
2019 — now	**Independent practice** · Selected commissions Residential interiors, villas and boutique workplaces for private clients in Egypt, Saudi Arabia and India.
2014 — 2019	**B.Sc. Architectural Engineering** · Future University in Egypt Graduation project grade A–.

SERENE HORIZONS

CONTEMPORARY LIVING, ROOTED IN NATURE

CONCEPT ESSENCE

BALANCED.
ROOTED.
CONNECTED.

The design is inspired by the quiet poetry of nature and the clarity of modern living.

It seeks to create a retreat where architecture and landscape exist in harmony—each enhancing the other.

Spaces breathe, light flows, and materials age beautifully with time.

A home that feels like a natural extension of you.

IN TUNE WITH NATURE
Design that responds to light, views and the surrounding environment.

EFFORTLESS LIVING
Simple, intuitive spaces that support everyday rituals and relaxed living.

HONEST MATERIALITY

4. SPACES WITH PURPOSE
Zoned for privacy and connection—quiet retreats balanced with open social spaces.

DESIGN PRINCIPLES

Pergolas and screens create beautiful patterns and comfortable microclimates.

TEXTURE & DEPTH

INDOOR–OUTDOOR FLOW
Generous openings encourage a natural extension of living spaces.

NATURAL CALM
A neutral, earthy palette promotes calm, warmth and a connection to the landscape.
