ABOUT

An idea only counts once it stands on real ground.

I design architecture and interiors that begin as an original idea and end as a built place. Concepts that surprise, details that work on site: homes on Egypt's coast, luxury residences inland, and corporate headquarters from Cairo to Riyadh. I have led teams of up to five, and carry projects myself when needed, from idea to Revit drawing set. Each project here names my role.

CONCEPT ESSENCE

BALANCED.
ROOTED.
CONNECTED.

The design is inspired by the quiet poetry of nature and the clarity of modern living.

It seeks to create a retreat where architecture and landscape exist in harmony—each enhancing the other.

Spaces breathe, light flows, and materials age beautifully with time.

A home that feels like a natural extension of you.

IN TUNE WITH NATURE
Design that responds to light, views and the surrounding environment.

EFFORTLESS LIVING
Simple, intuitive spaces that support everyday rituals and relaxed living.

HONEST MATERIALITY
Natural textures and finishes chosen for their beauty, durability and authenticity.

CONNECTED EXPERIENCE
Seamless flow between inside and outside for a deeper sense of connection.

DESIGN CONCEPT DIAGRAMS

1. ORIENTED TO NATURE
Positioned to capture views, natural light and prevailing breezes while ensuring privacy.

2. FORMS THAT BREATHE
Soft edges and layered volumes create shade, terraces and a sense of openness.

3. BLURRING BOUNDARIES
Large openings, pergolas and terraces dissolve the line between indoors and outdoors.

4. SPACES WITH PURPOSE
Zoned for privacy and connection—quiet retreats balanced with open social spaces.

DESIGN PRINCIPLES

LIGHT & SHADOW
Pergolas and screens create beautiful patterns and comfortable microclimates.

TEXTURE & DEPTH
Layered materials add tactility, depth and a sense of timeless elegance.

INDOOR–OUTDOOR FLOW
Generous openings encourage a natural extension of living spaces.

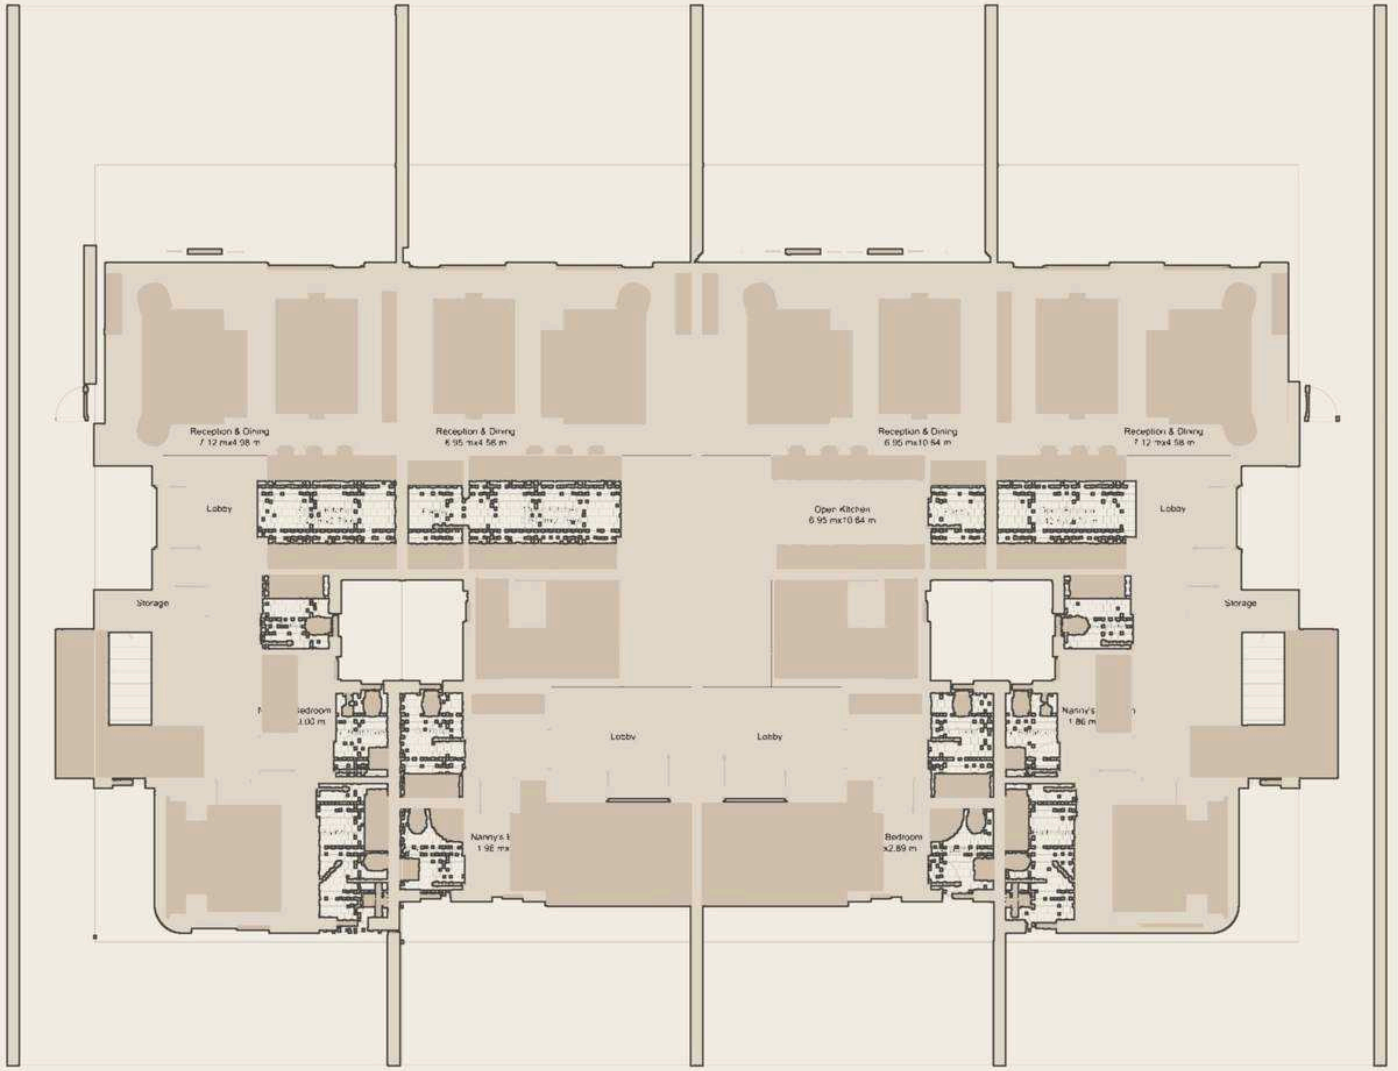

NATURAL CALM
A neutral, earthy palette promotes calm, warmth and a connection to the landscape.

TIMELESS DESIGN
Clean lines and enduring materials ensure the home ages gracefully for generations.
