ABOUT · ARCHITECT & INTERIOR DESIGNER · CAIRO

# An idea only counts once it stands on real ground.

I design architecture and interiors that begin as an original idea and end as a built place. Concepts that surprise, details that work on site: homes on Egypt's coast, luxury residences inland, and corporate headquarters from Cairo to Riyadh. Since 2019 I have worked across three studios and my own selected commissions. I have led teams of up to five, and every project in these pages names my role.

CONTEMPORARY LIVING, ROOTED IN NATURE

## CONCEPT ESSENCE

BALANCED.
ROOTED.
CONNECTED.

The design is inspired by the quiet poetry of nature and the clarity of modern living.

It seeks to create a retreat where architecture and landscape exist in harmony—each enhancing the other.

Spaces breathe, light flows, and materials age beautifully with time.

A home that feels like a natural extension of you.

### IN TUNE WITH NATURE

Design that responds to light, views and the surrounding environment.

### EFFORTLESS LIVING

### HONEST MATERIALITY
