ABOUT · ARCHITECT & INTERIOR DESIGNER · CAIRO

# An idea only counts once it stands on real ground.

I design architecture and interiors that begin as an original idea and end as a built place. Concepts that surprise, details that work on site: homes on Egypt's coast, luxury residences inland, and corporate headquarters from Cairo to Riyadh. Since 2019 I have worked across three studios and my own selected commissions. I have led teams of up to five, and every project in these pages names my role.

# COASTAL HARMONY

A CONTEMPORARY RETREAT ROOTED IN NATURE

## CREATIVE CONCEPT

### Rooted. Refined. Restful.

The concept is born from the dialogue between nature, light, and shelter.

Inspired by the calm rhythm of the coast and the purity of natural materials, the architecture offers a refined retreat that fosters relaxation and connection.

Clean geometry, textured surfaces, and lush landscapes come together to create a sense of belonging and timeless tranquility.

**IN HARMONY WITH NATURE**

Designed to blend seamlessly with the landscape and climate.

**SIMPLICITY WITH PURPOSE**

Clean lines and functional spaces enhance everyday living.

**NATURAL MATERIALS**

Honest textures and earthy tones create warmth and timelessness.

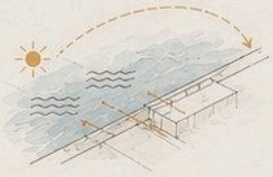
**OPEN & CONNECTED EXPERIENCE**

Framing views and fostering a strong indoor-outdoor flow.

## ARCHITECTURAL REFERENCES

NATURAL STONE · WARM PLASTER · WOOD ACCENTS · GREEN METAL · NATIVE PLANTS

## CONCEPT DIAGRAMS



**1. CONTEXT & ORIENTATION**

Building oriented to capture views, sunlight and sea breeze while ensuring privacy.

**2. MASSING & FORM**

Simple volumes carved to create terraces, shade and human scale.

**3. CONNECTION TO NATURE**

Integrated landscaping and pergolas blur the boundary between inside and outside.

**4. ZONING & FLOW**

Spaces organized for comfort, flow and a seamless coastal living experience.

## DESIGN PRINCIPLES

**LIGHT & SHADOW**

Play of light through pergolas and openings enhances the spatial experience.

**TEXTURE & MATERIALITY**

Natural materials bring depth, warmth and a sense of authenticity.

**INDOOR - OUTDOOR LIVING**

Generous openings and terraces encourage a relaxed coastal lifestyle.

**PRIVACY & TRANQUILITY**

Thoughtful layout ensures privacy while maintaining openness and views.

CONTEMPORARY LIVING, ROOTED IN NATURE

## CONCEPT ESSENCE

BALANCED.
ROOTED.
CONNECTED.

The design is inspired by the quiet poetry of nature and the clarity of modern living.

It seeks to create a retreat where architecture and landscape exist in harmony—each enhancing the other.

Spaces breathe, light flows, and materials age beautifully with time.

A home that feels like a natural extension of you.

### IN TUNE WITH NATURE

Design that responds to light, views and the surrounding environment.

### EFFORTLESS LIVING

Simple, intuitive spaces that support everyday rituals and relaxed living.

### HONEST MATERIALITY

Natural textures and finishes chosen for their beauty, durability and authencitity.

### CONNECTED EXPERIENCE

Seamless flow between inside and outside for a deeper sense of connection.

## DESIGN CONCEPT DIAGRAMS

### 1. ORIENTED TO NATURE

Positioned to capture views, natural light and prevailing breezes while ensuring privacy.

### 2. FORMS THAT BREATHE

Soft edges and layered volumes create shade, terraces and a sense of openness.

### 3. BLURRING BOUNDARIES

Large openings, pergolas and terraces dissolve the line between indoors and outdoors.

### 4. SPACES WITH PURPOSE

Zoned for privacy and connection—quiet retreats balanced with open social spaces.

## DESIGN PRINCIPLES

### LIGHT & SHADOW

Pergolas and screens create beautiful patterns and comfortable microclimates.

### TEXTURE & DEPTH

Layered materials add tactility, depth and a sense of timeless elegance.

### INDOOR–OUTDOOR FLOW

Generous openings encourage a natural extension of living spaces.

### NATURAL CALM

A neutral, earthy palette promotes calm, warmth and a connection to the landscape.

### TIMELESS DESIGN

Clean lines and enduring materials ensure the home ages gracefully for generations.
